

## Why choose Tradinco ?

Why choose Tradinco Instruments?

Customers choose Tradinco for its proven reliability, integrity and quality in service and products.

Nowadays customers may select from a wide choice of instrument suppliers.

Most of them will be able to supply a part of the instruments you require. Not all of the suppliers will help to make a choice and/or give full support.

Tradinco Instruments goes further!

It is our aim to meet your requirements and supply the best solution, not just another instrument. Whatever your requirements are, wherever you are located, Tradinco Instruments will cooperate with you to develop the best possible solution within your budget, from conceptual design to your satisfaction. You will have the application, and together we will have the solution.

Our customers benefit amongst others of:

- More than 40 years experience in R&D, manufacturing and supply of instrumentation
- ISO9001 certification
- Consultancy
- Customized training facilities
- One-stop shopping and third party sourcing
- Installation and commissioning
- Technical support
- Customized in-house calibration software development
- Internationally accredited (RvA) recalibration services
- Repair services
- Service contracts
- Total system maintenance
- Rental of instruments
- Customized solutions for maintenance and production
